**Level above which ground is expected to be frozen/snow is expected to settle.*

Met Office Aberdeen Meteorologist's View
Though becoming sunnier on Monday, the higher tops will be around freezing, with freshening winds increasing the wind chill.

Forecast for Tuesday 16 Nov 2021
Weather: A largely cloudy day. Mainly dry in the morning, before a band of heavy rain reaching Mull by late morning pushes east across all areas in the early afternoon. Then clearer conditions following from the west reaching all areas by evening, though showers will follow during the evening these turning to snow above around 800m.

Maximum wind: Southwest 35 gusts 50mph becoming westerly in the evening.

Chance of cloud free mountain/hill tops above 800m: 20% improving 70% towards evening.

Visibility: Moderate or good, occasionally poor in rain, with cloud widely 600-900m with lower patches in the west. In the evening occasionally poor or very poor in snow showers on the tops though cloud will be more broken and mainly above 800m with the odd lower patch.

Temperature: **Glens:** Plus 10 Celsius falling to Plus 6 in the evening.
At 800m: Plus 5 Celsius falling to Plus 1 in the evening.
Freezing level: Above summits, falling to 900m in the evening.
